

How can I make the most of Care Cards?

By letting three people in your life know that you care for them by giving them each a Care Badge Then if they have the means, ask them to Pay-It-Forward by also buying a Care Card online and handing out their three badges.

Remember to give them your Care Badge number so that you can track your downline. If you are supporting a specific school/charity, make sure they log onto your school/charity's URL website (e.g. www.carecards.co.za/pages/106.htm)

Come on, let's spread love and goodwill around the world today!
