

Support our Care Cards campaign

You can help us to spread a little love and goodwill around by purchasing Care Cards online and giving Care Badges to the special people in your life. Follow these simple steps:

Step 1:

-
If you wish to purchase Care Cards for the first time and have not previously received a Care Badge, you can do so now by clicking on the Order button.

-
If you have a Care Badge and would like to Pay-It-Forward, you can do so now by clicking on the Order button. By purchasing your Care Card directly from our website, 50% of the purchase price will automatically be invested into our Care Cards Schools Project. (IMPORTANT: If you received a Care Badge from someone supporting a specific charity or school, please ensure you make your purchase from their unique Care Card Affiliate URL. If you do not make your purchase from their unique URL, we cannot track the sale and they will not receive commission.)

Step 2:

-
Follow the instructions in the order and payment process. (You need to register as a customer before you can purchase Care Cards. If you have purchased Care Cards before, you can login using your username and password on the order page.)

Step 3:

-
It's great fun to track your referrals. This feature enables you to see all the people who have purchased Care Cards as a direct or indirect result of you paying-it-forward. Simply register to track your referrals once you have a Care Badge. (You need to enter the unique number at the back of your Care Badge into the Track Referrals feature.)

-
If you already have a Care Badge, complete the order process to purchase a Care Card. You will be invited to register to track your referrals.

Step 4:

-
Come back to our website to view your Referral Tracker as often as you like. Simply click on Referral Tracker Login and follow the step by step instructions.

Our system is automated. Simply follow instructions on each page and you'll complete the process quickly and easily.

*Referral explanation:

If Peter gives a Care Badge to Mandy (level 1), who purchases a Care Card and gives a Care Badge to Jacques (level 2), who purchases a Care Card and gives a Care Badge to Max (level 3), who purchases a Care Card and gives a Care Badge to Betty (level 4), etc, etc, etc. All these people are Peter's downline. Our system displays to 10 levels.
