

CBC St Johns School in Parklands starts the chain!

July 2007

Care Cards campaign launched!

Our first school, CBC St Johns, starts the chain!

We are very excited to announce that the Care Cards campaign has now been launched. The learners at CBC St Johns in Parklands, Table View, have opened up their hearts and are spreading love and goodwill around the world! They are raising funds to help eliminate illiteracy in South Africa and have already sold 56 Care Cards in 2 weeks! Thank you and keep up the good work! Teacher-in-charge, Mrs Jean Booyesen says, "I think the Care Card badges are a wonderful way of letting others know you care and at the same time raising funds, not only for charity, but also for your own school. The girls, in particular, have taken to this project well and are even competing to see who can give and get the most badges."

Anyone can get involved, anywhere in the world, any time.
We already have 20 schools interested and 5 on board!

Come on! Buy your Care Card today!

If you wish to support the CBC St Johns school, please click onto www.carecards.co.za/pages/107.htm and buy your Care Card online.
